The Agency Client-Service Standards Report Card 2015

Client Approval/Requests

Agency staff respond to messages and service requests from co-ops within set time limits. In 2015 we met our standard 100 per cent of the time for approving requests to spend capital replacement funds. On eight occasions we failed to acknowledge receipt of a request for capital spending that could not be approved without more information. Once again, our performance in approving capital replacement-reserve plans saw no untimely misses. We continue to see improvement in the speed of Agency/CMHC budget approvals (51%: 2012; 66%: 2013; 69%: 2014; 79%: 2015). We also met our standard for answering information requests.

In 2015, inquiries from clients and their members fell into three main groups. Management and governance issues combined held first place among all inquiries with housing-charge subsidy matters close behind. Capital-reserve spending and planning and the Annual Information Return were of interest to fewer clients. Budgets, workouts and matters associated with ending operating agreements formed a still smaller cluster of inquiries.

Reporting

In 2015 we met our standard 97 per cent of the time for reviewing annual information returns. Our reporting standard for property inspections saw an achievement of 98 per cent. Throughout the year, we met our standard for notifying co-ops of health and safety concerns 100 per cent of the time. We met the reporting standards 99 per cent of the time for risk assessment and 100 per cent of the time for both compliance reports and co-op data reports.

Transparency and Provision of Information

In 2015, except for one standard, we met or surpassed our standards for transparency and the provision of information throughout the year. On two occasions, we failed to post contact information on the Agency website within our set time limit.

Concerns + Complaints

In 2015, we responded to all concerns and complaints within the time allowed. As in the past, most concerns came from members of co-op clients and had to do with their governance or management. We were able to resolve 65 per cent of the concerns and complaints. In other cases we referred the callers to their co-op board or to the regional or national federation, where the co-operative was a member.
