November 2016

Sometimes we don't get everything right. Our October E-bulletin was one of those times. In the service of accuracy, we offer a clarification, a correction and a new piece of information.

[Let's be Clear on the VOR List](#)

[Correcting the Date for an Event Not to be Missed \(Plus One More Event\)](#)

## Let's be Clear on the VOR List

As we said in October, we have a new Model Management Services Agreement especially created for Alberta, Ontario and PEI. (We don't have one for B.C.) If your co-op is in Ontario, you can check out the Ontario version on our password-protected [client website](#) under Resources. If your co-op is in Alberta or PEI, you can ask your relationship manager about your special version of the model agreement.

However, just to be clear, our Vendor of Record (VOR) List only covers Ontario. This is a list of property-management companies that responded to the Agency's Request for Supplier Qualifications. All the companies on the list have met certain standards, including what fees they will charge, and would welcome housing co-ops as clients. We haven't developed a VOR List for either Alberta or PEI. Should we?

---

## Correcting the Date for an Event Not to be Missed (Plus One More Event)

We seem to have confused Remembrance Day and the date of Agency's meeting with independent staff in Toronto. Please note the corrected date below. Your co-op's relationship manager can provide the details.

We're also taking the opportunity to share one more date that we should all know about. How to celebrate it? Maybe by giving your co-op's front door a big kiss!

*All of Us*

National Housing Day: 22 November

*Ontario*

Agency Meeting with Independent Staff (Oakham House, Toronto): 10 November
